

**Here are some possible questions to ask yourself and pray about before a child is ministered to.**

*Please allow Holy Spirit to lead you as you answer the following...*

List anything the child is afraid of.

Has the child ever had an imaginary friend? If so when and list the friend's name.

Traits you see in yourself (or the mother) that are also present in this child that are not healthy. Example - fear, lying, shyness.

Anything you consider to be unusual or profound in one of the child's dreams or drawings.

Something you feel might be a curse spoken over your child. Example - Grandmother says "If an accident is going to happen it will happen to you".

Areas that you see that are continued disobedience. Example - continues to lie, refuses to obey the first the time when asked to do something.

List movies or TV shows they are especially drawn to.
